ONE CENT

NO SCORE IN FINAL GAME

Donora and Charleroi Battle to Scoreless Tie on a Slippery Field

PREMIER HONORS UNSETTLED

The high school football championship of the Monongahela valley was not settled in the game between Donora and Charleroi in the annual turkey-day contest staged at the down river town on Thursday. Neither team was able to score, thus leaving the premier honors still in dispute.

An immense crowd of people was present to witness the contest, and the game was one that thrilled at many points, although neither team could deliver the "punch" that would have decided the supremacy. The play was very even throughout the contest, the ball fluctuating from one territory to another with about equal results. The field was very slippery, which made it difficult to handle the ball, as well as for players to make consistent gains. Charleroi players and "rooters" speak in the highest terms of the treatment accorded them by the Donora management, and nothing occurred during the game to mar the pleasant relations which have existed between the two towns for a number of years. Watson, of Williams was referee and Crocus of Darlington, umpire, both competent officials, who managed the game in a splendid manner. The game ended the season for both teams. The line up was as follows:

Donora	Charleroi
Toth	Charles
Polkaba	LG
Koehl	LG
Simpson	C
Chambon	RG
M. Fressa	RT
S. Weiss	RE
Burke	Q
L. Freas	LH
Ertz	RH
McManus	RT

JUNK DEALERS MUST BE LICENSED

In order to go away with dishonest practices in the dealing of junk in their community, the council of Donora has passed an ordinance regulating the business of junk dealers. Hereafter all those collecting junk by wagon will have to display a license tag in a prominent place on their wagon, while the driver must have the original license on his person. The license fee is \$2 per person, \$10 per month and \$50 per year. A penalty is provided for violation of the ordinance.

Leland R. McKenna who is stationed at Newport R. I. with the U. S. Navy is spending a few days with his parents Mr. and Mrs. Nelson McKenna of Crest avenue.

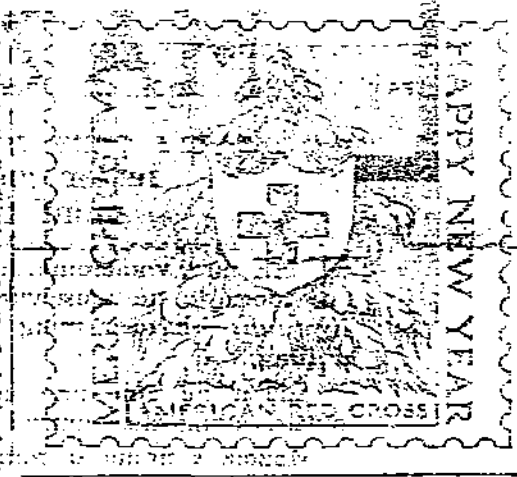

Don't worry about money for buying Xmas presents. Your credit is good. I. Birken, 524 McKean avenue. 136-H*

WILL PREVENT DELAYS OF TRAINS

With the new schedule on the P. & L. R. railroad, which went into effect on Sunday last, a plan for avoiding delays in the departure of passenger trains from the station from the Brownsville station was put into effect the first of the week. Two passenger train crews that have been lying over at Newell, five and one-half miles to the north of Brownsville, and the locomotive crew of the Fairmont flyer now lie over in the South Brownsville yards of the Monongahela Railway company, one mile up the river from the station. This arrangement will prevent delays in the departure of trains from Brownsville, not only passenger but freight as well, and will relieve the congestion at the Newell yards to a considerable extent.

RED CROSS SEALS ARE NOW ON SALE

The sale of Red Cross Christmas Seals for the Christmas holidays has been opened in Charleroi, and already there is quite a demand for these stamps, which for the next month or more will grace all packages—and many letters until after the holiday season.

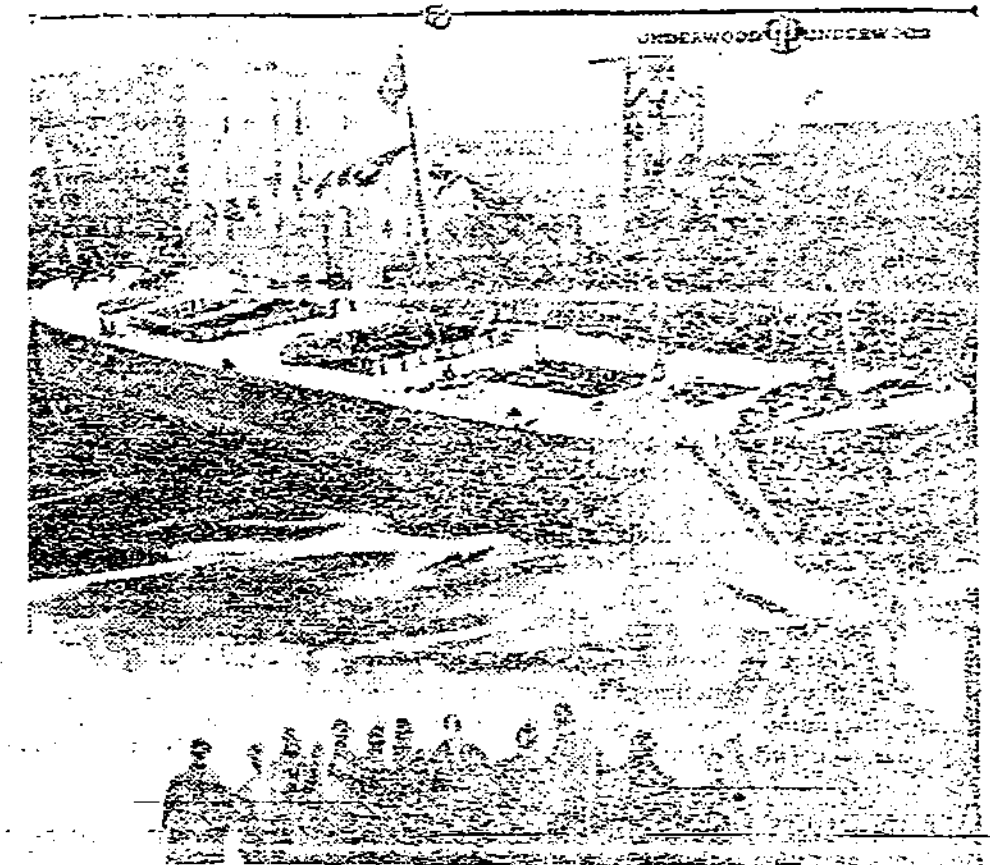

The Musical Auxiliary to the Athene Club has the sale in charge, being directed by a special committee of which Miss Ethel Barth is chairman. The Auxiliary has been given 30,000 stamps to sell in this community and hope to be able to dispose of this number with but very little trouble. The stamps can be obtained at any of the three banks, at the office of the Hotel Wilbur, at Mights book store, and other places in town will also likely be designated as depositories for the sale of these popular seals. The proceeds of the sale will be devoted to work in behalf of tuberculars in the state and local community.

MARRIED AT THE M. E. PARSONAGE

Edmund Quarmesaux and Miss Marie Clement, both of Charleroi, were married at the Methodist parsonage, Thursday morning at 8 o'clock by Rev. C. A. Hartung. After a short wedding trip they will reside on Fallowfield avenue, Charleroi.

Look Here Diamond rings or lavalliers. Your credit is good. I. Birken 524 McKean avenue. 136-H*

Concrete Ship Launched in Canada

The announcement from Norway within the past few days that concrete ships were being built there, came to the attention of the American navy. A ray of sunshine has penetrated a besombed shipping industry. It was in Montreal a concrete ship was planned and built and launched. The accompanying picture shows her sliding down the ways. Once the vessels are made the construction of ships of concrete is a comparatively easy matter. These vessels are capable of trans-oceanic service and offer a strong resistance to submarine attacks. Other ships of this type are being built in Canada and the United States.

BIG DOCKS ARE TAKEN TO CRUCIBLE

The steamer Crucible of the Crucible Fuel company, passed up Thursday morning with the large dry docks and outfit recently purchased from the Parkersburg Dry Dock company. These docks, aside from being the largest on the river are fit out with a sawmill, all kinds of wood working machinery, blacksmith shop and machine shop fully equipped for all kinds of steamboat repair work. The docks will be located at the Crucible Fuel company's works in the sixth pool, above Rice's landing. They will give employment to about fifty additional skilled workmen. The company will do all their own boat building and repair work and the addition of the docks will be quite a feature for that up-river community.

STREET CAR MAN GOES WITH LUMBER COMPANY

George Howe, one of the best known and most popular conductors of the Pittsburgh Railways company and who has been on duty principally in the local service, has tendered his resignation and will go to Clairton, where he will be yard manager for the Wilson Lumber company, a subsidiary of the Marston-Gass Lumber company of Donora. Mr. Howe leaves the employ of the street railways company this evening.

If you need a good watch \$1.00 a week will do. I. Birken, 524 McKean avenue, Charleroi. 136-H*

VOYAGER MAKES HER LAST TRIP

The steamer Voyager, originally built by the old coal firm of W. H. Brown's Sons, and which was taken over by the River Coal company at the formation of that corporation in 1898, has been seen for the last time in the local towing service. On Saturday last she made her last trip from the upper pools, after which the crew was transferred to another boat, and all the furniture and bedding put in storage for safe keeping. A new hull is to be built, which will be longer and wider than the old one, and on which will be placed the machinery and boilers of the Voyager, as they are of the latest pattern, and were installed but a few months ago. The new Carbon is expected to take place of the older boat in the local trade. The Voyager has been running on a special sixty days' permit from the government inspectors and is now to be dismantled, preparatory to being rebuilt.

LAST CHANCE FOR WOMEN TO REGISTER

Mrs. C. W. Albright will be at Fleming's hardware store, Fallowfield avenue, all day Saturday for the purpose of registering women for patriotic service during the present war. All those who failed to register on the preceding days are urged to come any time during the day that they may be registered.

FARMERS MAY GET FOOLED ON PRICES

Farmers of Butler county who have been holding their potatoes for higher prices received a jolt on Tuesday when it was announced that the Chamber of Commerce of Butler had decided on drastic measures. The retail price of potatoes in Butler is \$2 and the wholesale price is \$1.75. Large producers are holding out for still higher prices.

If farmers refuse to sell at reasonable prices the Chamber of Commerce of Butler plans to ship potatoes in from other states and sell them at cost plus freight. Part of the irony of the situation is that last spring the Butler Chamber of Commerce put up several thousand dollars for seed potatoes which were shipped in and distributed to the farmers at cost plus the freight.

HIGHER PRICES FOR WAGON MINES

Owners of what are known as "wagon mines" in Allegheny county are to be allowed an extra charge for the delivery of coal from their mines to point of delivery, according to a decision made by Fuel Administrator Kuhn of Pittsburgh, on Wednesday. The coal situation in and around Pittsburgh had become quite acute, and a number of the wagon mines had closed down rather than furnish coal at the price fixed by the government. As a result of this action many domestic consumers were without fuel, and it was for the purpose of relieving this situation that the fuel administration permitted a rate higher than fixed by the government.

Just what this increase will be is to be determined by a special representative, who has asked that all owners of the smaller mines make a report of conditions surrounding their workings, the distance from market and the character of the haul they are compelled to make from point of production to point of delivery. After these reports have been made a decision will be reached, and likely each operator will be allowed to charge an increased price over the present rates.

EPWORTH LEAGUE WILL HOLD DISTRICT RALLY

The Monongahela sub-district of the Epworth League will hold a rally in the Methodist Episcopal church of Donora this evening. A number of local members are expected to attend.

CONSTRUCTING A BIG RETAINING WALL

The Monongahela and Ohio Dredging company is engaged in dredging for a foundation for a retaining wall for the Monongahela railroad, along the Monongahela river at Brownsville. A rip-rap wall with a concrete foundation, one-half mile long and 30 feet is being constructed at that place inside the United States harbor line.

RIVERS TO BE BIG FACTOR

Will Be Utilized to Carry Coal and Other Freight on Large Scale

MONONGAHELA WILL BENEFIT

Before many months have elapsed the Monongahela river is apt to be the carrier of plenty of other freight besides coal. While coal shipments are constantly increasing on the river the recent activity of the government looking toward the utilization of inland waterways for transportation purposes will result in the establishment of freight packets on the local river, in order to relieve the congestion which has made railroad operations so difficult during the past few months.

As stated in the Mail a few days ago government engineers have been making a thorough survey of local conditions and the result has been that two of the largest towboats have been commandeered, while arrangements are said to be under way to take over a number of other steamboats now lying at the bank and which have been "rotting down" simply through inactivity. The Pittsburgh Coal company is the owner of quite a number of towboats of the larger type, which could be put to shape for service on the lower river in a very short time, and it is not surprising if these boats be either purchased or commandeered for service.

The government realizes the gravity of the freight situation and believes that if the facilities afforded by navigable rivers, of which there are 135 miles on the Monongahela, 183 miles on the Ohio and 24 miles on the Allegheny, be utilized that hundreds of thousands of tons of freight can be moved safely and expeditiously at nominal rates. In this plan of the government the Monongahela will have a large share, as it is expected to transport the larger part of the coal for the mills of the Pittsburgh district by water. It is estimated that even now 90 per cent of the coal used in mills in and about Pittsburgh is transported by water, and with the plan in operation even this amount will be increased. Plans for a packet line on the Monongahela are also under way and the beginning of the new year is likely to see something of a definite character along this line take place.

DECIDES TO BE

A LIVE ONE

Young Man Gets Next to Himself

Questioned by a curious friend as to the cause of the sudden change, he said: "I sure was in bad shape and no one knew it better than I did. It was my going to sleep. I was all in and my nerves shot to pieces with excitement and the place right. One day I overheard a customer telling what Phosphated Iron had done for him and I could not get a supply quick enough. That's the whole story just Phosphated Iron. My poor tired overworked nerves just seemed to be Phosphate hungry. The way they took hold of it, and say what a relief. I felt like a new man. Could sleep at night and get up in the morning feeling like a two-year old. Believe me. I had some appetite too, my weight increased rapidly, my face filled out and had the color of perfect health that only goes with pure blood, well fed with Iron.

"You can bet I am strong for Phosphated Iron. Everyone who tries it is a booster.

"Do you know even the doctors are prescribing it; trust them to get next to a good thing, they were not long wiseing up to Phosphated Iron."

To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules only so do not allow dealers to substitute pills or tablets. W. F. Henings, and leading druggists everywhere.

Leader Welier Orchestra Makes Telling Statement in Wife's Behalf at Wheeling

This well known and popular musician has a wide circle of friends. These will read with keen interest what he said a few days ago to the Nerv-Worth druggist of Wheeling, where Mr. Goodwin is leader of the Victoria Theatre orchestra. Thus he declared:

Baer's Pharmacy—for some time my wife has had severe stomach and digestive troubles. A few months ago she commenced to suffer with a very severe pain in her left arm. It became badly swollen and a lump began to form above the elbow. She suffered with it to such an extent that I had concluded to have an operation performed in order to relieve her. No remedies I could secure did her any good.

I met a friend one day recently who advised me to try Nerv-Worth. I procured a bottle and the effect was al-

most magical from the start and now after she has taken but two bottles, stomach and digestive troubles are over and there is no more pain. We are very grateful to Nerv-Worth and thankful for our friend's advice. We shall always keep Nerv-Worth in our medicine chest.
